

## Time to cross over

Act out your active life to the hilt with Ford's original crossover vehicle. On the surface, it's an enticing blend of sculpted aesthetics and refined athleticism, with a keen eye toward fuel efficiency. Its impressive 27 mpg hwy./20 city fuel economy outshines both Chrysler Pacifica and Buick Rendezvous;\* in fact, Freestyle is best-in-class for fuel consumption.\*\* Within, there's serious front-to-back seating for up to 7 friends and family members. And versatility borders on boundless. So hit the beach or the shopping district without thinking twice, because there's always room to spare. Ford Freestyle – front-wheel drive or All-Wheel Drive – is just *your* style.

\*Based on EPA-estimated fuel economy for FWD versions. \*\*Class is Medium V6 Crossover vehicles with 3rd row.

## Live large

During Freestyle's development, premium passenger comfort and intuitive interior function were key goals. End result? Freestyle not only offers seating for up to 7, it also lays claim to the largest 3rd-row passenger volume in its class. And drawing on Ford's highly touted sport-utility DNA, Freestyle provides Command Seating™ up front. This elevated position literally raises the seats for exceptional driver visibility, while making entry and exit easier and more convenient. So no matter your stature, you'll be particularly comfortable behind the wheel.

The Freestyle Limited model includes perforated, leather-trimmed front seats featuring 2 heat settings. Plus, there are memory functions for the 8-way power driver's seat and the power, heated sideview mirrors – that also benefit you with built-in security approach lamps. *Classy stuff.*

And it's ultra-responsive: Pairing Freestyle's 3.0L Duratec V6 engine with the Continuously Variable Transmission (CVT) means every ounce of power works to your advantage. No matter the speed you're driving, the CVT always seeks optimal torque. Fact is, you're never out of the torque band.

**Switch around** Freestyle swallows up items as large as 10' in length when the front-passenger seatback is folded down. If you choose to put the front-passenger seatback up, there's still an astounding 86.2 cu. ft. of total cargo volume behind the 1st row. That's a number even SUVs like Jeep® Grand Cherokee and Chevrolet Trailblazer fall well short of.

## Best-in-class 3rd-row space

Truly a space to savor: reading lights, adjustable head restraints, cupholders, storage bins and a power point are close at hand. Guests in rows 3 and 2 are treated to a rising roofline and theater-style seating – an elevated vantage point, with each row higher than the previous.

In 6-passenger configurations, the 1st and 2nd rows are reclining bucket seats. If 7-passenger seating is preferred, a 3-person 60/40 split bench is optional for row 2 at no extra cost. Either 2nd-row seat style flips forward effortlessly for unhindered 3rd-row access.

## Look, listen

Travel just wouldn't be the same without tunes, talk shows and traffic reports. Good thing Freestyle SEL comes standard with a stereo radio, CD player and speed-compensating volume. Limited owners are treated to a 7-speaker Audiophile® System with a 190-watt amplifier, subwoofer and 6-disc in-dash CD player with MP3 capability. For the ultimate auditory effect, SIRIUS Satellite Radio\* is now available as a factory option, offering you content and quality that AM/FM can't. Tap into more than 125 channels of digital-quality sound – including original, commercial-free music.

**Additional amenities** Find out how best to get there with the available Navigation System. A large 6.5" color LCD screen displays a chosen map area. Select a destination, and Route Guidance provides audible and visual instructions. For rear-seat guests, the optional DVD Family Entertainment Center features a 7" viewing screen, 2 wireless headphones and an infrared remote control.

\*SIRIUS not available in Alaska or Hawaii. See your Ford Dealer or contact SIRIUS at 1-888-539-7474 for more information.

## Play safe

Freestyle has earned the highest crash test safety rating – 5 Stars – from the government’s National Highway Traffic Safety Administration (NHTSA) in all 4 categories: driver frontal impact, passenger frontal impact, front-seat side impact and rear-seat side impact. As if that wasn’t sterling enough, the Insurance Institute for Highway Safety also chimed in, proclaiming Freestyle’s front, side and rear crashworthiness *Good* – the best rating possible.

**Volvo-inspired chassis** is the basis of Freestyle’s solid structure. Crash modeling on a Cray® supercomputer determined that mounting the front bumper plate only to the outer portion of the frame rails promotes a more even collapse of energy-absorbing structures and reduces passenger-compartment intrusion.

### Tripod design

**A** Channels crash forces upward and downward into a high-strength steel “ring of protection.”

### Adaptive steering column

**B** Minimizes the effect of crash forces, collapsing in different ways depending on the driver’s-seat position and safety belt status.

### SPACE Architecture™

**C** (Side Protection And Cabin Enhancement) is a class exclusive comprised of advanced structural elements – including a hydroformed cross-car beam running between door frames to strengthen each bodyside.

### Side-intrusion door beams

**D** Extend across the 2 strongest areas of the door frame, providing substantial reinforcement.

### 3-row Safety Canopy™ System – featuring a class-exclusive rollover sensor

**E** Includes side-curtain airbags for added protection across all 3 rows.

# MODEL HIGHLIGHTS

Each series includes the standard equipment of the previous series, except where additions/exceptions are noted.

## THE 5 YEAR/60,000 MILE POWERTRAIN WARRANTY

### New Vehicle Limited Warranty

We want your Ford Freestyle ownership experience to be the best it can be. So under this warranty, your new vehicle comes with 3-year/36,000-mile Bumper-to-Bumper Coverage, 5-year/50,000-mile Safety Restraint Coverage, and 5-year/unlimited-mile Corrosion (Perforation) Coverage — all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

For more assurance: There's now a 5-year/60,000-mile powertrain limited warranty that's fully transferable, has no deductible, and provides you with an additional 2 years or 24,000 miles of coverage — on select components, including the engine and transmission — beyond the standard 3-year/36,000-mile Bumper-to-Bumper Coverage. Plus, Roadside Assistance is extended to 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle, or need towing. Your Ford Dealer can provide complete details on all of these advantages.

 Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details, or check us out at [www.fordcredit.com](http://www.fordcredit.com).
